

Folding Door

The Urban Plus Folding Door is a perfect solution to open up your living spaces to the great outdoors. With clean bold styling and stainless-steel hardware the Urban Plus Folding Door is sure to deliver satisfaction for generations.

Panels are supported by an innovative bottom rolling mechanism allowing them to guide seamlessly even when heavy double glazing is installed. Flexible hardware options from the Caprio and Caprice range ensure your style can be perfectly represented in your home. The classic style of a folding door continues to be a favorite in even the most contemporary of builds.

The Urban Plus Folding door delivers a modern take on this classic door style providing excellent weather performance, energy efficiency and operability for your home.
